

## **TWO NEW COLORS TO BECOME AVAILABLE FOR PLAYSTATION®2 IN JAPAN IN SPRING 2004**

---

**Tokyo, March 9, 2004** – Sony Computer Entertainment Japan (SCEJ), a division of Sony Computer Entertainment Inc. responsible for business operations in Japan, announced today that two color models of PlayStation®2, “Ceramic White” and “SAKURA”, will be released on March 18<sup>th</sup> and March 25<sup>th</sup> respectively, as a limited time offer during spring 2004.

“SAKURA” was first introduced in spring 2003, which gained wide support especially from the female audience, and “Ceramic White” sold in December 2003, was a limited edition only available with “PlayStation®2” *Racing Pack* <sup>(\*1)</sup>. As both colors reached their targeted shipments, SCEJ had completed production and shipment. However, with the overwhelming popularity the both color models achieved during their sales period and with numbers of strong requests received from the users to have these two particular colors available again, SCEJ has decided to re-launch “SAKURA” and “Ceramic White” as spring time only products.

By launching these color models during the spring shopping season together with a variety of new titles to be released by first and third party developers/publisher targeted especially at freshmen, SCEJ aims to develop new users and further expand the penetration of the PlayStation 2 platform.

With PlayStation® and PlayStation 2, SCEJ will create and develop a new world of computer entertainment for the broadband era through the fusion of game, music, movies, and broadcasting.

(\*1) “PlayStation 2” *Racing Pack* included PlayStation 2 hardware “Ceramic White” and software title, *Gran Turismo®4* “Prologue”.
